
5. a. \( s + b + r = 9; \) \( 1.2s + 2b + 1.4r = 12; \)
\( s = 2(b + r) \)

b. You should buy 6 pints of strawberries, 1 pint of blackberries, and 2 pints of raspberries.

c. Yes, you would actually be spending less (about $11.25).

6. A
